

BUCKINGHAMSHIRE FIRE & RESCUE SERVICE

Fire Awareness Course

	Duration	1/2 day
Maximum number of students per course		15
	Location	On-site or training centre

Description

Course overview:

The course has been designed to provide staff with an understanding of how to reduce the risk of fire in the workplace and how to respond in the event of a fire. The training will ensure that the use of fire extinguishers for 'first aid' firefighting will be both safe and effective.

Who should attend:

All staff as part of their induction or continuation training. (Staff with specific duties in the event of fire should attend the Fire Warden course)

Objectives:

At the end of the course students will:

- **Be aware of the dangers of fire**
- **Understand the nature of fire and how it spreads**
- **Be aware of simple fire prevention measures**
- **Understand what to do in the event of a fire alarm**
- **Be able to distinguish between different types of fire extinguishers**
- **Be able to tackle small fires safely and effectively**

Content:

- **Basic fire prevention**
- **Building fire protection**
- **Evacuation procedures**
- **Chemistry of combustion**
- **Practical 'first-aid' firefighting on live fire**

Certificate:

All students receive a certificate of attendance
