

# Quality Policy Statement

Sivatech has produced this policy statement to confirm our commitment to meeting the quality standards expected by our customers in the delivery of the products and/or services that we supply to them.

Our quality system is relevant to our organisation and meets the requirements of ISO 9001:2008 standard and of our customers. Our quality objectives are to:-

1. Use the Quality Management System as a tool in achieving best practice outcomes across the organisation.
2. Establish Quality objectives and review them systematically to ensure continuous improvement throughout our Company.

To implement this policy we shall focus on the needs of our business, with particular reference to consistently meeting our customers' requirements and statutory obligations.

Our Quality Management System will provide mechanisms for detecting system shortfalls and for stimulating process improvements. Sivatech will adopt procedures and disciplines to ensure that:

- The system is effectively implemented by undertaking relevant skills' training and conducting appropriate quality awareness training.
- Responsibilities for quality are established by communicating these responsibilities clearly to all employees.
- The policy and procedures continue to be appropriate by initiating regular reviews in a systematic way to check its effectiveness and continuing suitability, and
- The company regularly reviews the needs and expectations of our customers and initiates continuous improvement activities to meet these expectations.
